MINISTRY OF COMMERCE

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 19th April 1968

SUBJECT:—*Revalidation of actual user licences.*

No. 60-ITC(PN)/68.—Attention is invited to paragraph 240(2) of the Import Trade Control Hand Book of Rules and Procedure 1968, published under the Ministry of Commerce Public Notice No. 57-ITC(PN)/68, dated 8th April, 1968, which lays down that requests for revalidation of actual user licences will be considered, on merits, by a licensing authority, where such authority is satisfied that the request for revalidation is based on genuine difficulty and the refusal to grant extension will cause hardship or loss to the licence-holder and that in deserving cases, licences may be extended for a period not exceeding six months, provided such revalidation is otherwise allowed in terms of the relevant import policy. It is further provided that actual user licences for raw materials, components and spares will not be revalidated beyond six months and such requests will be summarily rejected. Sub-paragraph (12) of Paragraph 240 of the Hand Book also

provides that the revalidation of an Import licence allowed by a licensing authority may be subject to such conditions or restrictions as such authority may impose.

2. In view of the above provisions, the licensing authorities will consider requests for revalidation of actual user licences for raw materials/components/spares on the basis indicated below:—

- (a) Import licences issued against free foreign exchange or rupee payment will be considered for revalidation upto a maximum period of six months, including the period of revalidation already availed of, if any.
- (b) Requests for revalidation of licences issued against foreign credits/Loans will be considered and licences revalidated for such period as may be consistent with the terms and conditions of the concerned Loan or Credit.
- (c) While considering applications for revalidation, the licensing authorities will delete items, the import of which is not allowed to actual users in terms of the import policy in force at the time of considering the application for revalidation. The items shown as licensable to actual users for export production only will be treated as not permissible for this purpose. In the case of chemicals, drugs and medicines and dyes-intermediates, only those items which appear in the banned list in the relevant Red Book will be treated as not permissible for this purpose.

P. D. KASBEKAR,

Chief Controller of Imports & Exports.
